BANK COMMISSIONER FILES REPORT.

Twenty-Five Per Cent. Dividend Ready For Depositors.

BOURBON CIRCUIT COURT.
In the matter of the liquidation of the bank of Geo. Alexander & Co. State Bank, by Banking Commissioner, Report of Thos. J. Smith, Banking Commissioner, by Buckner Woodford, Special Deputy Banking Commissioner, as of November 7th, 1914.

The undersigned, Thos. J. Smith, Banking Commissioner, by Buckner Woodford, Special Deputy Banking Commissioner, reports that since filing his report herein, on the 16th day of June, 1914, in the Bourbon Circuit Court, that he has made a complete audit of the affairs of the bank of Geo. Alexander & Co., State Bank, by P. C. Snyder, Expert Accountant, of Louisville, Ky., that said Snyder finished his work on October 1, 1914, but did not deliver his report to the Banking Commissioner until the 19th day of October, 1914.

As required by law, the Banking Commissioner, by Buckner Woodford, Special Deputy, comes and files this, his report, at the November, 1914, term of the Bourbon Circuit Court, and for report says that he first desires to file a statement showing the condition of the bank, on May 20, 1914, as it appeared to the Commissioner, (Continued on Page 2.)

CIRCUIT COURT.

Taking precedence over any of the criminal cases, the case of George Alexander, indicted on thirty-two counts on matters pertaining to the wrecking of the Geo. Alexander & Co. State Bank, was called for trial. The defendant, through his attorneys, filed two affidavits in support of a motion for a continuance, alleging that the attorneys nor the defendant either had had sufficient time in which to prepare their case from the data furnished by the report of Deputy Banking Commissioner Buckner Woodford. One affidavit stated that the publication of certain articles in the local papers would have the effect of influencing the mind of the public against Mr. Alexander and tending to form a prejudice against him. Commonwealth's Attorney Bradley argued against granting further time.

Judge Stout in deciding the point granted a continuance to Monday, Nov. 23. At the witnesses present were recognized by the Commonwealth to appear on November 22, and a large number of subpoenas were issued. A special venire will have to be summoned in order to try the case.

At the Wednesday session Horace Redmon, colored, was fined \$100 and 30 days in jail for carrying concealed weapons.

On a charge of petit larceny, Clarence Holt got 30 days in jail.

The case of the Commonwealth against Ernest Simpson, charged with malicious shooting, was set for trial for to-day.

All the juries were excused by Judge Stout until to-day.

Judge Stout held a short session yesterday during the regular motion hour, and the grand jury was in session, but made no report. Beyond this there was nothing doing in Circuit Court.

OLD CANE RIDGE CHURCH. FIRE SLIGHTLY DAMAGES

The historic old Cane Ridge church, at Cane Ridge, which has figured so prominently in the annals of the Christian church in this county, came near being the scene of a conflagration last Sunday morning, and had it not been for the prompt work of the male members of the congregation, the famous old structure might have been seriously damaged or perhaps destroyed. Fire from a defective use during the progress of the services caused slight damage. The large congregation was dismissed and went quietly out while the men went to work with a hearty good will and soon had the flames extinguished.

THREE AMERICANS MURDERED BY MEXICAN SOLDIERS.

According to advices received at El Paso, Texas, yesterday two Texas cowboys named Bishop and Eccles, working for an American ranch owner, and another unidentified American, were murdered a few days ago near Temosachic, west of Chihuahua City. The advices stated that the news was brought there by a Mexican boy, who swore that the men had been captured and murdered by a large force of raiding Federal soldiers, and that he had been captured at the same time and was taken along and forced to be a witness to execution. He stated that he was compelled to help the soldiers to bury the bodies of the murdered men, which were interred in a lonely spot at dead of night. The State Department has been notified and will make a searching investigation of the affair.

FEDERAL QUARANTINE IS IMPOSED ON KENTUCKY CATTLE

Cattle estimated in value at more than \$100,000 already sold and ready for shipment from this section of Central Kentucky have been held up and are unable to be delivered because of the quarantine imposed on Tuesday on Kentucky by the Federal authorities according to a statement made yesterday by a prominent cattleman. The quarantine, which was placed upon the State because three instances of the foot and mouth disease discovered at Shepherdsville, Monday, by Federal inspectors, went into effect Wednesday, cattle already on the way out of the State when the order went into effect, having cattleman said the order had the effect of immediately paralyzing the cattle industry in this section of the State.

Immediate effects upon the local meat supply are not likely to be felt, however, it is said, since Central Kentucky produces more than sufficient beefes for home consumption. Shipments of meat from outside the State may be discontinued, however, because of the scarcity of meat at the sections which were formerly centers of the industry.

ESTABLISHES TYPEWRITER SUPPLY HOUSE IN PARIS.

Mr. F. R. Maderia, of Cincinnati, representing the Neidich Process Co., of Burlington, N. J., manufacturers of carbon papers and typewriter ribbon, was in Paris Wednesday, and perfected arrangements with the Paris Book Store to act as supply house for the factory, to handle their products. Mr. Maderia stated in a conversation with the News man that his father, Mr. Jacob Maderia, was employed in his younger days on the old True Kentuckian, away back in the early days of that excellent paper, and that he remembers when a boy of hearing of the old True Kentuckian and especially remembers hearing of Col. Craddock. After leaving Paris his father took up the practice of law in Cincinnati, and afterward moved West, where he became the first city attorney of St. Joseph, Mo. Maderia, the elder, was the possessor of a large amount of real estate in and around Cincinnati, and his gift of fifty acres of ground to the city of Cincinnati former the nucleus of the present magnificent Spring Grove Cemetery in that city.

Mr. Maderia stated that while of course, he had no personal recollection of Paris, he has always had a desire to visit the city, because of his father's residence here and from hearing him talk of the place so often. Mr. Maderia said that one thing that had stuck most tenaciously in his memory was that he had heard his father talk so often of having lived somewhere in "Cottontown," as it was then called, and of walking across the old covered bridge near the jail.

It is not likely that any of the present generation of Parisians remember Mr. Maderia, Sr., but the publication of this item may recall to some of the older residents some recollection of him.

COUNCIL PROCEEDINGS.

Last night Mayor Hinton and the City Council participated in what was probably the shortest meeting of that august body, when they met promptly at 7:30, allowed routine bills, granted four building permits, transacted some minor business and adjourned after a twenty-two minutes session. A petition from Jos. Brooks to operate a pool room in Lylesville was rejected. One of the most unusual happenings was that when Clerk Hayden read a letter from Miss Mary Spencer to whom a charity pass was granted to Cincinnati some days ago, in which she refunded the amount, \$2.35, to the city.

MOONLIGHT SCHOOLS.

If you should ever be hunting on a Kentucky mountain on a bright moonlight evening and should see the little country schoolhouse proudly lighted up, it might be worth more than a few 'coons or 'possums to drop in and see what was going on.

Less than three years ago an enterprising young school ma'am in one of these hill districts started what she called the "moonlight school." It was not meant for the children, for they could attend by day. She began it as an experiment to see if she could do something for the illiterate white grown-up; the mountaineers so long shut off from the ordinary influences of civilization.

Traditionally these people aren't keen on "book larnin'" for themselves, though they are usually eager for education for their children.

But this clever woman teacher found that their indifference was largely a pose. They felt humiliated to go to a day school alongside children. But given a chance to study in groups of their own age and kind, at a time when the children weren't present, and they snapped at it.

Today Kentucky has 2,000 moonlight schools, with a total adult attendance of 100,000; and the movement is spreading steadily.

Though nominally used as study places, these moonlight schools among the lonely mountains are really social centers, the beginnings of a new spirit of neighborliness, little temples of democracy. It is the far loneliest city which lets its fine school plant so often at night stand dark and idle.

TWO-AND-A-HALF CENT FARE BILL HELD VOID.

The Court of Appeals on Wednesday held unconstitutional the two-and-one-half cent passenger fare bill passed by the last Legislature. The bill was declared invalid because it did not carry the enacting clause provided for in section 62 of the Constitution which says "The style of the laws of this Commonwealth shall be as follows: 'Be it enacted by the General Assembly of the Commonwealth of Kentucky.' The bill was passed during the closing hours of the session and in the rush the enacting clause was omitted.

The decision was handed down in the case of the Commonwealth against the Illinois Central Railroad Company, the opinion being written by Judge Nunn. The Illinois Central Railroad Company was indicted in Jefferson county on the charge of unlawfully and wilfully charging an adult passenger in excess of two-and-one-half cents a mile. The railroad company demurred to the indictment which was sustained by the lower court.

The two-and-one-half cent passenger fare bill was one of the most important measures passed by the last Legislature. It was Speaker Claude Terrell's "pet" measure and on the closing night of the session he took floor in behalf of the measure. After it passed the house it was sent to the Senate where some amendments were made to it. The House refused to concur in the amendments and it was again sent back to the Senate. Finally the Senate passed it as it went through the House and it was during this rush that the enacting clause was lost.

MYSTERY OF CHAS. ROYSE'S DEATH YET UNSOLVED.

Private detectives are now endeavoring to solve the mystery surrounding the death of Mr. Chas. Royse, a prominent Nicholas County farmer, whose body, badly decomposed, was found under a pile of rails near a barn on his farm. Royse had been sense could not be accounted for until a searching party found the body. Two inquests held by Coroner Hutchings have failed to turn up anything definite that would tend to fasten guilt upon any of the suspected parties. Three colored boys are held in the Carlisle jail pending further investigation.

LOCAL OPTION CONTEST DECIDED IN FAVOR OF DRY.

The local option election contest, which has been in progress before the Contest Board, composed of County Judge C. A. McMillan, and Justices Robert O. Turner and Ernest Martin for several days, was decided Wednesday by a unanimous vote, in favor of the dry.

Twenty grounds of contest were filed by the wets. The Contest Board went over the grounds one by one, and finished the huge pile of depositions and the records Tuesday afternoon.

On account of the attorneys for both sides having important business in Circuit Court, where their presence was required, the case was submitted without argument, and yesterday the Contest Board decided that the county election held on Saturday, September 26, was valid, and by reason of the validity of that election the city election held on Monday, September 28, was invalid.

The matter will next be taken up in the Circuit Court and then an appeal will be taken to the Court of Appeals for a decision.

JUDGE HAZELRIGG MAY START.

Judge James H. Hazelrigg, former Chief Justice of the Kentucky Court of Appeals, probably will enter the race for the Democratic nomination for Governor of Kentucky. Judge Hazelrigg when asked what he thought of the result of the election, said in substance:

"I am always happy when victory perches upon the banner of Democracy. But Kentucky must be redeemed from two crazy notions, prohibition and woman suffrage."

"I have received from friends all over the State a request that I enter the race for the Democratic nomination for Governor and I may do so. It is yet some time off and if I misjudge not the trend of events the people are going to sit down on the proposition of State-wide prohibition, which only prohibits 'the other fellow,' and that of woman suffrage."

Judge Hazelrigg has long been in the political harness and is widely known all over the State.

SPRING RACING DATES ARE FIXED.

The State Racing Commission held a meeting at the club house at the Latonia race track Saturday afternoon and fixed the dates for the meetings in Kentucky next spring. Lexington and Churchill Downs each receive twelve days; Douglas Park thirteen days and Latonia twenty-five days. Lexington will open April 22 and close May 5; Churchill Downs will follow on May 8 and close May 21; Douglas Park will open May 22 and close June 5. Latonia will open June 7 and close July 5.

All the members of the commission were present, including Senator J. N. Camden, but he did not participate in the meeting. Vice President J. H. Talbot, of Paris, presided.

Nervous Emotional Dizzy Depressed

Mrs. Addie Cutsinger, of Cedar St., Cairo, Ill., wrote Doctor Pierce as follows:

"I send 31 cents for your 'Common Sense Medical Adviser' for my daughter who has recently married and I know the book will be of much value to her. I have read and used for 25 years the valuable treatments contained in the 'Medical Adviser' and have taken many bottles of Dr. Pierce's Favorite Prescription, and have been restored to health each time I used it. It is a great remedy for women as a strength builder, fine for the nerves and general health."

DUE FROM BANKS.
The American National Bank has applied as credit on demand notes held by them, the balance due Geo. Alexander & Co., State Bank, of \$10,837.45, and in this way have closed their account with Geo. Alexander & Co., State Bank. The Commissioner has brought suit to recover this amount from the American National Bank.

The Fifth-Third National Bank collected notes held by them as collateral on Bills Payable, and closed the account.

The Farmers Bank, Millersburg, Ky., remitted the amount of their indebtedness, which was received May 30, 1914, closing their account.

The account of the Bank of America was closed by draft to the Bourbon Bank & Trust Co., for \$298.57.

Claims have been filed for all unpaid drafts outstanding and credit given the holders on the Deposit Account, with the exception of No. 13315, for \$9.40, which is still outstanding, and constitutes a balance on the books of the bank of Geo. Alexander & Co., State Bank.

The balance of \$75.49 due to the First and City National Bank of Lexington, Ky., was found to agree with their books and claim was filed for same, and credit given them on the Deposit Account.

CASHIER'S CHECKS OUTSTANDING

One check was outstanding on this account, payable to the Brunswick-Balk Calendar Co. As same was returned unpaid, claim was filed by the above firm and the amount has been placed to their credit on the Deposit Account.

BILLS PAYABLE.

BILLS REDISCOUNTED.

The amount due on this account on May 20, 1914, was \$88,000.00. Notes having been returned after claims of some of the banks were satisfied, and other notes having been paid, this account now shows, still held by banks, \$18,601.66 on Bills Payable.

Under the head of Bills Payable, the Commissioner reports that upon examination of the affairs of the bank of Geo. Alexander & Co., State Bank, he found that said bank executed its several promissory notes to the Fifth-

Third National Bank of Cincinnati, O., as follows:
Jan. 22, 1914.....\$10,000.00
March 2, 1914.....15,000.00
May 4, 1914.....10,000.00
and that to secure said notes, the bank assigned and delivered to the Fifth-Third National Bank, upon the above mentioned dates Bills Receivable of the bank of Geo. Alexander & Co., State Bank, amounting to \$58,000. Under its charter the bank of Geo. Alexander & Co., State Bank, was prohibited from becoming indebted to any persons or corporation in any sum in excess of \$10,000.00. Acting upon the advice of his counsel he has instituted suit against the Fifth-Third National Bank of Cincinnati, to recover all of said collateral, alleging that the contract between the two corporations was Ultra Vires. This suit was instituted on July 11, 1914, and the court has been in vacation since filing of said suit until recently. The matter is now pending on demurrer and the Commissioner hopes for a decision at an early date.

The Commissioner also found that the bank of Geo. Alexander & Co., State Bank, had executed two notes to the American National Bank, of Louisville, Ky., one dated July 1, 1907, payable on demand for \$15,000.00, and the other dated December 31, 1907, payable on demand for \$18,000.00. And to secure said notes Geo. Alexander & Co., State Bank, by its President, Geo. Alexander, assigned and delivered to the American National Bank, of Louisville, Bills Receivable of Geo. Alexander & Co., State Bank, amounting to \$35,311.17. Upon the advice of his counsel, the Commissioner has brought suit to recover all of said collateral and, in the same suit, asks judgment against the American National Bank for \$10,837.45, which Geo. Alexander & Co., State Bank, had on deposit with the American National Bank, at the time the Commissioner took charge of the Alexander bank and which the American National Bank has applied as a credit upon the two notes amounting to \$33,000.00 held by it against the Alexander bank. All of the collateral held by the Fifth-Third has been collected or at least a sufficient amount of it has been collected by the Fifth-Third to pay all of its claim against the Alexander bank, and of the collateral held by the American National Bank, \$18,210.89 has been paid to the American National Bank. This added to the \$10,837.45 makes a total of \$29,148.34 collected by the American National Bank upon its two notes amounting to \$33,000.00. So it is practically the proceeds of all of this collateral that the Commissioner is seeking to recover, rather than the collateral itself.

REAL ESTATE.

In dealing with the real estate, the Commissioner has figured it worth the price at which it was carried by the bank, to-wit, \$7,095.85, and the Commissioner reports that one piece of said real estate was sold by the bank to one Sallie Bramblett, prior to the time he took charge of bank, the conveyance however of said property to said Bramblett has not been made. Since taking charge of the Alexander bank the Commissioner has filed a petition in the Bourbon Circuit Court asking for permission to convey this property to Sallie B. Bramblett, also asks permission to sell and convey the balance of the real estate at either public or private sale and the judgment of this honorable court was that the Commissioners had no authority to sell real estate, however, he prosecuted an appeal to the Court of Appeals of Kentucky and on October 7, 1914, that court decided that it was not necessary for him to ask the advice of the Chancellor, and that he had the authority to sell said real estate by either public or private sale and it also held that he had the authority to carry out the contract of the said bank with Sallie B. Bramblett, and he comes now and says that he is ready to convey to Sallie B. Bramblett and asks the permission of the court to convey, under terms and conditions of her contract with Geo. Alexander & Co., State Bank, in consideration of \$500.00 about half of which sum has been paid and retaining a lien upon the property for the unpaid purchase price, the following described property, to-wit:

"A certain lot of ground in White Addition to the City of Paris, Ky., being No. 9, as shown on plat of said addition filed and recorded in the Bourbon County Clerk's office in deed book 93, page 249; fronting 60 feet on Fithian Avenue, and running back of equal width to a 12 foot alley with the line of lot No. 8 on the south 152 3-4 feet with the line of lot No. 10; on the north 189 1-4 feet and being a part of the same property conveyed to Geo. Alexander & Co., State Bank, by C. A. McMillan, Master Commissioner by deed of record in deed book 91, page 324, in the office of the Clerk of the Bourbon County Court."

The other real estate owned by the bank, the Commissioner has not attempted to sell because of the fact he did not deem it advisable to offer it at this time as he thinks it will bring a better price later. Most of this property has been rented until the first of October, and several parties have inquired about it recently with a view to renting it, and unless the Commissioner sells it, he will make some arrangements to rent it.

CONTESTED CLAIMS.

The Commissioner by authority of the Banking Act of 1912, and acting upon advice of his counsel, rejected the following claims, to-wit:

N. Kriener	\$37,500.00
J. A. Wilson	20,000.00
J. A. Wilson	2,539.58
E. B. Sparks	15,000.00
Mrs. R. Rudisill	9,000.00
Jas. McClure	22,100.00
John R. Johnson	2,000.00
Mattie Neal	50.00

N. Kriener holds what he calls the bank's note for \$37,500.00 and claims that the bank, by its President, Geo. Alexander, assigned and delivered to him, a number of bills receivable of the bank of Geo. Alexander & Co., State Bank, amounting to \$40,300.00, and has brought suit against the Commissioner to recover all of said collateral, which the Commissioner is contesting. He has not filed suit against the Commissioner on his note for \$37,500.00.
J. A. Wilson has filed suit against the Commissioner on his two claims

amounting to \$22,539.58, and this matter the Commissioner is contesting.

E. B. Sparks has filed suit against the Commissioner for \$15,000.00 and the Commissioner is contesting this claim.

Mrs. R. Rudisill has filed suit against the Commissioner upon her note for \$9,000.00 and this matter the Commissioner is contesting.
James McClure, Guardian, has filed suit against the Commissioner for \$22,100.00 and this the Commissioner is contesting, claiming that in any event that Geo. Alexander & Co., State Bank, is not indebted to him in any sum in excess of \$13,344.94.

The Commissioner will likely contest or reject the claim of E. M. Dickson for \$500.00 and before taking any decisive action in this matter, he desires to examine the record in the case of Skinner vs. Kerr, lately pending in the Bourbon Circuit Court. He has made several attempts to find this record but as yet has been unable to see it.

SUITS FILED.

The Commissioner has filed suit on the note of the Paris Baseball Club amounting to about \$1,600.00. This note was secured by a mortgage on real estate, judgment was taken and the property sold under order of court for \$1,606.00. This with the small balance to the credit of the Paris Baseball Club will practically pay the note.

We also filed suit against L. M. Kern and R. B. Hutchcraft on a note of \$200.00 and one against M. J. Murphy for about \$1,200.00; one against Walter Clark for about \$2,500.00. The defendant, Clark, is a member of the firm of Clark & Wills, this firm had on deposit with the Geo. Alexander & Co., State Bank, \$2,918.03, and he claims that he has a right to offset his indebtedness to the bank by half of the amount of deposit of Clark & Wills. He has sued A. J. Winters & Co., on three notes aggregating \$4,800.00, and he has sued William Berry on a lien note amounting to \$1,929.27. These matters are now all pending in the Bourbon Circuit Court.

LITIGATION WITH THE DIRECTORS

The only action thus far taken with the Directors is a suit filed against them by the Commissioner to recover about \$48,000.00 which the Commissioner claims they unlawfully paid out to the stockholders of Geo. Alexander & Co., State Bank, while the bank was insolvent. He is advised by counsel that the Directors are liable to him, representing the Depositors and Creditors in a large sum of money, sufficient he hopes with other assets available to pay the Depositors and legitimate creditors of the bank in full.

He has not filed any other action against them because he is advised by his counsel that in the event he is not successful with his litigation against the Fifth-Third National Bank, of Cincinnati, O., and the American National Bank, of Louisville, then the Directors are liable to him for the sums which he is seeking to recover from these banks, and he has been advised to defer any further action against the Directors until he knows the outcome of this other litigation.

DISTRIBUTION.

The Special Deputy Banking Commissioner now has to his credit, in various banks in the city of Paris, sums of money amounting to \$118,908.52. Included in this sum is the proceeds of the collateral or at least a large portion of it, claimed by N. Kriener, and in the action of N. Kriener against the Commissioner, Thos. J. Smith, and the Special Deputy Commissioner, B. Woodford, N. Kriener, the Special Deputy Commissioner has executed bond to the plaintiff, N. Kriener, to surrender to said Kriener all of the paper described in Kriener's petition amounting to \$40,300.00, or in case he collects any of it, then by the terms of his bond, he is to return to Kriener the proceeds of such papers. As a matter of protection to himself, he now asks that he be allowed to hold said collateral or the proceeds of such of it, as he has collected, until the case of Kriener against him is finally disposed of by the courts.

The total outstanding indebtedness of the bank, including rejected or contested claims, as shown by this report is \$406,151.81. The Commissioner now desires and asks permission of the court, to distribute all monies on hand to the depositors and creditors of the bank of Geo. Alexander & Co., State Bank, withholding only such a sum as will be necessary to pay the costs of administration, except he asks as a matter of protection to himself and to his bondsmen, that he be allowed to retain the pro rata going to those persons whose claims he has rejected, most of whom are now suing him, until these matters are determined by the courts. He says he is now able to distribute 25 per cent to all the creditors of the bank, whose claims he recognizes and he now asks that he be allowed to distribute 25 per cent to them.

All of which is respectfully submitted,
THOS. J. SMITH,
Banking Commissioner of Kentucky.
By B. WOODFORD,
Special Deputy Banking Commissioner.

ALEXANDER CASE CONTINUED TO NOVEMBER 23.

In the Bourbon Circuit Court Tuesday, the case of the Commonwealth against George Alexander was called for trial, the case having been continued from the June term of Court.

Mr. Alexander, was in Court with his attorneys, Messrs. R. C. Talbott and W. H. Whitley, who asked the Court for a postponement of the cases against their client, Mr. Alexander, until the March term of court.

In support of reasonableness of their request two affidavits were presented to the court alleging among other things that the attorneys for the defense had but recently been put into possession of the report of Mr. P. C. Snyder, the expert accountant, who worked on the books of the defunct Geo. Alexander & Company, State Bank, and on this account had not been able to familiarize themselves with the conditions at said bank to an extent necessary for the proper conduct of the immediate trial of the said defendant.

An extensive affidavit from Mr. Alexander, who is to stand trial on 32 indictments which alleged irregularities in the conduct of said bank, was also filed in support of the request of the defendant for a continuance to the March term of the Bourbon Circuit Court.

The Commonwealth, represented by Commonwealth's Attorney Victor Bradley, and County Attorney George Batterton, objected to any delay of the case, and it was finally agreed to set Mr. Alexander's trial for Monday, November 23.

The affidavit as filed by Mr. Alexander is as follows:

STATEMENT OF GEO. ALEXANDER
The affiant, George Alexander, states that he is not ready for trial herein at the present term of Court.

Affiant states that P. C. Snyder, expert accountant, spent about eighty-four days investigating the affairs of the George Alexander & Co., State Bank, that he lately finished his work and that neither affiant nor his attorneys had an opportunity of seeing his report until the last few days, and that neither he nor his attorneys have had sufficient time thereafter to examine the same, it being very voluminous, containing 77 typewritten pages and neither he nor his attorneys have had time to acquaint themselves with said report, and neither he nor his attorneys are in a position to properly present his defense in the absence of a greater familiarity with said report.

Affiant states that the closing of the bank of George Alexander & Co., State Bank, caused a stringency in money matters in Paris and Bourbon County, and produced intense and bitter feeling against the defendant in Paris and Bourbon County, that the Banking Commissioner, Thos. J. Smith, who is the chief prosecuting witness, has withheld from the depositors, who are numerous and have numerous friends, and connections throughout the county, all of the funds on hand when the bank was closed, and all of the funds since collected by him, and that while he has had enough cash on hand for several months to make a substantial distribution, he has not made any, and has, in this way, kept alive and unabated the feeling which was caused by the closing of the bank against the affiant, and he states that if he is compelled to go to trial at the present term of this court he will be made to suffer because of the failure of the Banking Commissioner to distribute the funds on hand at the time he should have done so.

Affiant states that this wrongful withholding from the depositors and the public of the funds of the bank from distribution has aggravated and worried the depositors and the public, and that the affiant cannot at this time, and on this account, get a fair and unprejudiced trial.

Affiant further states that the affairs of the bank are so involved in litigation that it is now, and at the present term of this court, impossible for the depositors to know what they will realize from the distribution of the funds of the bank, and that when the bank was closed and for several months thereafter, reports were circulated in this city and county that the depositors would get but a small per cent., and not over ten per cent. of their deposits, whereas the fact is they receive, a greater part of their deposits, and this fact when it has been made known, by distribution and the depositors actually receiving their money, will remove much of their bitter feeling against this affiant due to the reports thus circulated that little would be realized by the depositors.

Affiant states that because of these false reports and the feeling they engendered this affiant will not be able to get a fair and unbiased trial until the public mind is set right by a distribution to the depositors.

Affiant states that R. B. Hutchcraft, who was reared in Bourbon County, and is about seventy years of age, was a prominent and influential citizen, and a man of family with a host of friends throughout Bourbon County, and with large property and large and varied business interests, was a director of the said bank at the time it was closed. That recently numerous suits aggregating in the neighborhood of \$75,000 were filed against said Hutchcraft to the present term of this court, followed by an assignment for the benefit of his creditors, shortly before the beginning of this court. That the liabilities of said Hutchcraft represent a large amount of money, possibly \$150,000 or more; that this failure of said Hutchcraft was a matter of great interest and concern to the people of Bourbon County and affecting many people and the public generally. Because of the aforesaid and already existing depression in money matters in Paris and Bourbon County, and affiant states that after the closing of said bank there was talk in this city and county, of the directors, including said Hutchcraft, being sued for the failure of said bank, and that when said Hutchcraft was recently sued by so many people the general public attributed these suits against him to the failure of said bank, and while the said Hutchcraft owed the debts above mentioned individually and independent of any liability as director, his indebtedness was un-

DEMOCRATS APPRECIATE WORK OF CAMPAIGN CHAIRMAN RHEA

HON. THOMAS S. RHEA

In the placing of credit for the splendid Democratic victory in Kentucky on Tuesday, the major portion is being handed to Thomas S. Rhea, of Logan county, State Treasurer who led the fight for Beckham and Camden as Chairman of the Democratic State Campaign Committee. It was an old time Democratic victory, probably the greatest in Kentucky in thirty years, the majority going above anything given the party in that long time, and Mr. Rhea was the recipient of hundreds of telegrams complimenting him on his leadership and campaign management for the party.

It is conceded that the overwhelming result was largely due to organization, in getting the people aroused and to the polls to vote. Chairman Rhea has long been known down in the Third Congressional district as a campaigner, but this was his first experience covering so much territory. He brought the methods of organization which made him so successful in county and district politics into the state fight. He devoted every energy to the work, selecting his own campaign committee and all of his assistants and personally directing every move that was made. Not content with running one special train through Kentucky bearing a national character, Mr. Bryan, as the star speaker, he conducted another on a more extensive scale, which carried only Kentuckians as speakers and campaigners. This proved more successful than the first and did much to arouse the voters to the necessity for turning out on the day of election. County and precinct campaign committees were everywhere named early in the contest, and were kept in touch with the State organization and its speakers' bureau to the end that every section of Kentucky had its

Democratic speakers urging upon the people the necessity for going to the polls and voting to uphold President Wilson and his peace policies for the American people.

The one feature of Chairman Rhea's campaign which particularly stands out in the political battle just won was in his handling of the political situation in the city of Louisville and the Fifth Congressional district. Confronted when he undertook to make the party campaign with the fact that the head of the ticket had lost Louisville in the primary last August, and coming out of that city in the election of Tuesday with over twelve thousand majority for that nominee, Democratic hats are off to their chairman. Further, he had to deal with the fact that Louisville had had the habit for several years past of only weakly supporting Democratic candidates and very often giving a majority against them at the polls. Out of all of this he brought a result that far surpassed the expectations of those who were associated with him in the fight, the largest Democratic majority the Fifth district has given in over a quarter of a century.

The same clever methods that brought this about in Louisville served as well in pretty nearly every section of the state in the election of Tuesday. Every Congressional district worked harmoniously with the State Chairman, and in every one of them the vote was nearly such as it would have been with local races on in the counties.

That the victory just achieved paves the way for Democratic success in the State election of next year is the opinion of the party leaders and every one conversant with political affairs in Kentucky. It demonstrates, they say, that the party is harmonious and united.

known to the general public until recently, and shortly before this term of court commenced, and the sympathy and compassion which the public feels towards the said Hutchcraft because of said recent failure, intensified the feeling of the public against this affiant as being the cause of the failure of said bank and aforesaid Hutchcraft.

Affiant states that when the said Hutchcraft made an assignment for the benefit of his creditors, the Lexington Herald, a newspaper of wide circulation in Paris and Bourbon County, stated in substance that said Hutchcraft's troubles were due to the failure of said bank, thus casting the blame upon the affiant, and the affiant states that the very recent and important event, (the failure of said Hutchcraft) occurring just before the beginning of the present term of this court, has aroused public sentiment and public feeling to such an extent that this affiant at the present term of the court cannot get an unprejudiced trial because of the reports and general belief that the failure of the bank caused the said Hutchcraft to make said assignment.

Affiant states that until the widespread sympathy for said Hutchcraft, so recently aroused by his assignment, made right upon the beginning of this court, has time to subside, this affiant cannot obtain an unprejudiced or fair trial.

Affiant states that he is not making affidavit for the purpose of delay, but in order that he may get a fair and impartial trial.

Affiant further states that the Bourbon News, a paper of wide circulation in Paris and Bourbon County, has on

the second day of this court published an article, a copy of which is hereto attached, relating to and commenting upon a report made by the Banking Commissioner on yesterday, the first day of this court; that said report and said article commenting thereon contains many material inaccuracies to the prejudice of this defendant and said report and articles are misleading and said report has been so recently made and said article so recently published that this defendant would be highly and greatly prejudiced by being forced into a trial at this term of this court. The said article is published in the Bourbon News without the procurement and without the consent and against the wishes of the affiant.

10—CAUSES OF TROUBLE

A telephone plant, no matter how well it may be constructed, is subject to damage by the elements at all times. In the summer electrical storms often put telephones out of commission. One bolt of lightning can completely destroy a cable containing two hundred or more pairs of wires. This frequently happens. In the winter season sleet and snow storms play havoc with our lines and cause not only heavy financial loss, but grave annoyance.

Our system is constructed with a view to withstanding these destructive storms. We have built one of the most modern telephoning systems in the world and when it is damaged we spare neither time nor money in repairing the damage as quickly as possible. The telephone is such a delicate

instrument that it is largely affected by the elements. Our subscribers are reasonable enough not to blame us for annoyances caused by the elements. When the lightning or a sleet storm or any other occurrence puts your telephone out of service it does not mean that our entire system here is disrupted. Yours may be only one of a few telephones affected, and all your neighbors and friends are probably receiving the usual good service.

We appreciate the annoyance of being unable to use the telephone, no matter what the cause. For this reason our energies are always exerted to the utmost to make prompt and efficient repairs. Prompt reports of troubles help us to put the proper machinery into motion quickly.

MATRIMONIAL.

HAMILTON—HAMM.

—Eld. W. E. Ellis, pastor of the Paris Christian Church, officiated at the wedding of Miss Eddie Hamm, of Carlisle, and Mr. G. W. Hamilton, of Nicholas County, at the Windsor Hotel, at three o'clock, yesterday afternoon. The groom is a well-to-do farmer of the East Union vicinity, in Nicholas county, and the bride has been making her home with her sister, Mrs. Owen Earlywine, in Carlisle. After the ceremony the couple returned to Carlisle and will reside at the groom's home near East Union.

BOYD—HAZELRIGG.

—Miss Mae Boyd, the handsome and attractive daughter of Mr. Wm. Boyd, a well-known farmer of the Little Rock vicinity, and Mr. Andrew Hazelrigg, a prosperous young farmer of the same neighborhood, were married at the National Hotel, in Mt. Sterling, on November 4, the Rev. Mr. Wilson, of the Mt. Sterling Baptist Church, officiating. Both young people are well known in the county, and have a host of friends. The attendants were the bride's father, Mr. William Boyd, and her two sisters, Misses Minnie and Ullie Boyd, and Mrs. Iva Hazelrigg. For the present they will make their home with the groom's father, Mr. J. H. Hazelrigg.

ASHURST—PINNELL.

—The marriage of Miss Nancy Gladys Ashurst to Mr. Charles Pinnell was solemnized Wednesday afternoon at the home of the bride's sister, Mrs. Charles B. Ecton, Jr., at 209 Boone Avenue, in Winchester. The home had been prettily decorated for the occasion with a profusion of green foliage, while handsome potted chrysanthemums banked at the cabinet mantel in the parlor formed an attractive altar. The interior had been darkened and the soft glow from lighted candles in handsome candelabra at either side lent an added charm to the scene. Rev. J. H. MacNeill, pastor of the First Christian church, performed the ceremony in a simple and impressive manner, in the presence of a few friends and the immediate relatives.

The bride, who is a daughter of Mr. Lloyd Ashurst, of Paris and a graduate of Bourbon College, wore a stylish blue chiffon cloth tailored suit, with black picture hat trimmed with white ostrich tips. She possesses a sweet and lovely disposition and has made many true friends since her removal to Winchester.

Mr. Pinnell is a prosperous and popular young farmer. He and his bride left after the ceremony for Lexington, where they remained until yesterday at the home of Mr. Pinnell's brother, Dr. William Pinnell, and will go from there for a visit to the bride's sister, Mrs. Garrett Kenney, at Morland, Kansas. They will make their home after the first of December with the bridegroom's mother, Mrs. Alice Pinnell, on the Boonsboro pike.

Among those from Paris who attended the wedding were Mr. and Mrs. Claude McGinnis, Mr. Lloyd Ashurst, Sr., and daughter, Miss Lula Ashurst, and Mr. L. D. Redmon.

FOOTBALL.

The football teams of the Paris High School and the Lexington High School will meet in battle array at White Park, this afternoon and the pigskin artists of the Paris team hope to make things so very interesting for the Lexingtonians that they will go back to their burg with the sting of defeat for their only company. Paris has been playing lately in greatly improved form and they will appear to good advantage on the gridiron field to-day when they confront their opponents. The team hopes to make this the banner game of the present season, and if you care to see "some class" come out and "root" for Paris High School. Even if it is Friday, the thirteenth, come out and see, some game. It will be worth the time. The game will be called at three o'clock, sharp.

ONE CHILD AN EFFECTIVE PUBLIC HEALTH WORKER

One of the nurses representing the Kentucky Tuberculosis Commission recently went to all the schools of Anderson County to talk to the children about hygiene and the prevention of contagious diseases. She showed the children how to make from a piece of newspaper a cup to receive the sputum of any sick person. She explained how a sick room should be ventilated and how carpets and hangings of all sorts should be removed from the sick room. On leaving she gave the children copies of an educational bulletin distributed by the Commission.

Later she heard that a very poor consumptive had moved into one of these country districts. A visit to the home revealed the fact that it had been visited by one of the girls in this country school. She had read the bulletin to the invalid and explained how the room of a consumptive should be cared for. The sick woman was following her directions explicitly.

"Life and health will always be safer in this community because of this girl and the one talk before the children of this public school," says Miss Emma Hunt, the nurse who did the work.

MORE POLITICS.

There is one continual round of politics. The smoke from the general election this fall will no more than have cleared away when candidates for state offices, Circuit Judge, Commonwealth Attorney, Circuit Clerk and Representatives will begin to feel the pulse of the public. And the campaign next year promises to be one of more than usual interest.

The old-fashioned woman who used to drink it because it was labeled Patent Medicine now has a daughter who likes it mixed with a cordial with a cherry in the bottom as a chaser.

THEATRICAL.

Columbia Theatre To-day.

—"A Mysterious Mystery"—Victor drama in two parts. Here is a play within a play—one of the queerest mystery dramas you have seen in a long time.
"Beau & Hobo." Joker Comedy.) A rare comedy full of fun from start to end. One other reel will be shown.

Columbia Theatre Monday.

"The Trey O' Hearts"—A modern problem story written by Louis Joseph Vance.

Three things surround the heri. George Larkin, which, as it were, a triangle. There's the vindictive old man, Edward Sloman, as pure hate, one of his daughters as mixed hate and love, and the other daughter, Cleo Madison, as pure love. The three young people make themselves a trey o' heart. The picture has a wealth of minor characters, some friends of the hero, some adherents of the old man. The villain and the hero are both rich men.

The prologue shows these two girls and the hero as children, and makes plain why the old man hated and helped to destroy the hero's father. The first reel of the picture proper begins with the villain's attempt to crush and destroy this son, now grown up. The villain's second card is the other daughter. She is by nature like her evil father, and her, he sends with a definite plan, this time to effect his death in the wilds of Canada. But fate again plays against the old man. The staging backgrounds and photography included are excellent. The villain, personified in the vindictive old paralytic, and many of the characters stand out clearly. The young people do well with their parts.

"THE DOLLAR MARK"

—World Film Corporation presents William A. Brady, Picture Play Company, Inc., feature "The Dollar Mark," featuring Robt. Warwick, a stirring tale of early cobalt days, when the lure of gold made men demons and lives were held as dirt.

Paris Grand To-night.

—Yussif, the Terrible Turk, the actual world's champion wrestler, will meet Billy Edwards, of Indianapolis, the reputed champion of Indiana, in Paris on this, Friday night, November 13th. Neither Hussane or Edwards have ever appeared in this city, but that they will give the fans a real run for their money is assured.

Hussane defeated Dr. B. F. Roller, one of the Paris favorites, at Lexington, a couple of weeks ago. Hussane took the first fall in sixty minutes and the second fall in thirteen minutes. Hussane toyed with Roller and "beat him on the bit." The Turk is the only man in the world to-day who has a chance to defeat Stanislaus Zhyzsko, the powerful Pole.

The Turk has defeated practically every American wrestler of class, and claims to be the champion to-day. Haussane tips the beam at 195 pounds. He is the "greatest little big man" in the wrestling business.

Edwards is a husky chap, weighing 225 pounds, and said to be able to give a good account of himself with the topnotchers. He has met and defeated some of the best men in the game, and he is sure to make the Turk travel some to beat him.

The match will be staged at the Grand Opera House, Friday night. Good preliminaries have been arranged, and the red letter wrestling night in Paris appears assured.

"MUTT & JEFF" IN A NEW GUISE

—Gus Hill comes back for a fourth season with his perennial success, "Mutt & Jeff," in an entire new dress. "In Mexico" is the title of the story that is to form a back-ground for Bud Fisher's inimitable characters. In this season's entertainment there isn't a thing left but "Mutt & Jeff." The story, music, lyrics, scenery and electrical effects are all new. Mr. Hill has selected a cast superior in every respect to any he has yet been able to offer.

It comes to the Paris Grand for an engagement of one night, Thursday, Nov. 19. Secure seats in advance, as "Mutt & Jeff" always play to overflowing houses. Seat sale begins Monday, November 16th, at box office of Alamo Theatre. Admission, lower floor, \$1; balcony, 50c and 75c; Gallery, 25c and 35c. (dav)

BURNING OF LEAVES PROHIBITED BY ORDINANCE

The burning of leaves in the streets of Paris is prohibited by an ordinance passed by the City Council several years ago, yet no attention is paid to it. It is claimed that burning of leaves carry diphtheria germs, and for this reason, citizens should not burn them. Not only is the burning of leaves a menace to health, but is also a menace to property, as a serious conflagration may ensue from the leaves carried through the air in a smoldering state.

BOOTLEGGER ARRESTED.

Corbin Miller, colored, for whom a warrant was issued last week on a charge of selling liquor without a license, was arrested yesterday by Patrolman James Moreland. In Judge January's court he was given a fine of \$52.50. Miller had been under surveillance for several weeks by the officials, in connection with the illegal sale of liquor, especially on Sunday, and was caught with the goods on. Allie Johnson, another suspect, who was first taken into custody last week, was fined heavily and given a jail sentence. After the trial of Miller, warrants were sworn out for the arrest of two witnesses, Babe Parker and Ed. Frakes, who were placed under arrest and then put under \$100 bonds each to appear and answer the charge of selling liquor without license. Frakes will be tried in Judge McMillan's Court, as the offense with which he is charged is alleged to have been committed on the Fair Grounds, which is in a local option precinct. Parker's case will be brought up before Judge January in Police Court this morning.

ILLITERACY CAMPAIGN

Interest in campaign to stamp out illiteracy in the State of Kentucky continues to spread from point to point until now the remotest parts of the Commonwealth are awakening to the necessity of education.

While the people of Paris are heartily in sympathy with such a movement there has been little or no public agitation of the subject, from the fact that the educational campaign so long prosecuted in this county has developed the fact that the percentage of illiteracy is very small.

The people of Paris will be greatly interested in the announcement just made that Mrs. Cora Wilson Stuart, the gifted Kentucky woman, whose "Moonlight School" project has nationwide fame, will be in Paris soon to speak in the interest of the State-wide campaign against illiteracy. Mrs. Stuart will speak in the chapel of the Paris High School on Tuesday morning, November 25. She will no doubt be greeted by a large and enthusiastic audience, as she deserves to have.

HORSE INJURED.

One of the horses attached to the ambulance of Mr. Geo. W. Davis became frightened near the Interurban Station, near High and Fifth streets, Tuesday night, and proceeded to put up kicking exhibition that would have caused "Maude," of comic supplement fame, to die of shame. The horse finally became entangled in the iron work and was only extracted after employing heroic measures. The animal was slightly injured. The team was in charge of Mr. Frank Trisler and a driver, who were just starting to Jacksonville, to assist Mr. Geo. R. Davis in embalming the body of Mr. John Allison, who died there Tuesday. The driver, Mr. Trisler, and the ambulance were uninjured.

THE REVIVALS.

Interest in the revival meetings, which have been in progress at the Christian and Presbyterian churches, in this city continues to manifest itself in the growing audiences that greet the ministers each night. Rev. W. E. Ellis, at the Christian Church, and Rev. Mr. Atkinson, the evangelist, at the Presbyterian Church are holding the attention of their auditors by the forceful and eloquent sermons they are delivering, and the special song service rendered by the choirs at both churches lends an added attraction to the services.

A Message To Women

Those of Middle Age Especially.

When you have found no remedy for the horrors that oppress you during change of life, when through the long hours of the day it seems as though your back would break, when your head aches constantly, you are nervous, depressed and suffer from those dreadful bearing down pains, don't forget that Lydia E. Pinkham's Vegetable Compound is the safest and surest remedy, and has carried hundreds of women safely through this critical period.

Read what these three women say:

From Mrs. Hornung, Buffalo, N. Y.

BUFFALO, N. Y.—"I am writing to let you know how much your medicine has done for me. I failed terribly during the last winter and summer and every one remarked about my appearance. I suffered from a female trouble and always had pains in my back, no appetite and at times was very weak.

"I was visiting at a friend's house one day and she thought I needed Lydia E. Pinkham's Vegetable Compound. I took it and have gained eight pounds, have a good appetite and am feeling better every day. Everybody is asking me what I am doing and I recommend Lydia E. Pinkham's Vegetable Compound. You may publish this letter if you wish and I hope others who have the same complaint will see it and get health from your medicine as I did."—Mrs. A. HORNUNG, 91 Stanton St., Buffalo, N. Y.

Was A Blessing To This Woman.

So, RICHMOND, VA.—"I was troubled with a bearing down pain and a female weakness and could not stand long on my feet. Of all the medicines I took nothing helped me like Lydia E. Pinkham's Vegetable Compound. I am now regular and am getting along fine. I cannot praise the Compound too much. It has been a blessing to me and I hope it will be to other women."—Mrs. D. TYLER, 23 West Clopton St., South Richmond, Va.

Pains in Side, Could Hardly Stand.

LODI, WIS.—"I was in a bad condition, suffering from a female trouble, and I had such pains in my sides I could hardly move. Before I had taken the whole of one bottle of Lydia E. Pinkham's Vegetable Compound I felt better, and now I am well and can do a good day's work. I tell everybody what your medicine has done for me."—Mrs. JOHN THOMSON, Lodi, Wisconsin.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs, it has restored so many suffering women to health.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

DESPONDENCY DUE TO INDIGESTION.

It is not at all surprising that persons who have indigestion become discouraged and despondent. Here are a few words of hope and cheer for them by Mrs. Blanche Bowers, Indiana, Pa. "For years my digestion was so poor that I could only eat the lightest foods. I tried every thing that I heard of to get relief, but not until about a year ago when I saw Chamberlain's Tablets advertised and got a bottle of them, did I find the right treatment. I soon began to improve, and since taking a few bottles of them my digestion is fine." For sale by all dealers. (Nov.) adv.

Every woman says: "I don't care what the neighbors say!" But she does. She can't sleep at night if she imagines the neighbors are talking about her.

Tell a girl that she has a pretty nose and she will get cross-eyed trying to look at it when there isn't a mirror around.

LUKE McLUKE SAYS

(Cincinnati Enquirer.)

A woman wouldn't want her own way if she could have it.

The modern girl's idea of Love in a Cottage is to have a \$6,000 bungalow. The average woman would rather have a family tree than a business plant.

The old-fashioned woman who could operate an 1875 model washboard now has a daughter who can operate a 1914 model auto and who imagines that clothes wringers are equipped with Self-Starters.

The reason why a married man is always broke is because his wife is always expressing wishes and he has to pay the expressage.

When you are thanking the Lord for your friends, add a few words of gratitude for your enemies. One enemy in good working order makes you behave yourself and gives you more free advertising than all of your friends put together.

This may sound queer. But if you put a man on the back too often you will cause his head to enlarge.

A Texas man says he has produced a deodorized onion. This is real progress. It will make the onion as popular during Courtship as it is after Marriage.

The average wife seems to have the idea that the way to preserve a husband is to keep him in hot water all the time.

Nature does some queer things. But you can't accuse her of producing girls with 40-inch busts and 16-inch hips like you see on the street every day.

All men are Liars. But the 1914 June crop of brides is just beginning to realize the fact.

When a widow marries the second time she isn't entitled to a divorce. She knew just exactly what she was going up against.

The High Cost of Living wasn't much of an item in the old days when a dime package of corn starch was used to powder the baby after his bath, make Mother's face beautiful and produce a bowl of blanc mange for desert.

After being buttonholed for a half hour by a gabby guy, you sort of get the impression that lockjaw isn't such a terrible affliction.

The old-fashioned man who used to pump hydrant water on his face after a home-made shave now has a son who couldn't face the world until he received a 35-cent massage after the barber gave him the once over.

When Mother is angry with the children she tells them that they will go to the "Bad Place." But she isn't so careful of her language when she gets mad at Father.

When a girl who is wearing a tight shirt has a big hole in the Corn-Fed section of her stocking she would rather walk home in the rain than board a street car.

When the old-fashioned boy lost an article he used to spit in the palm of his hand and take his forefinger and hit it, and the way the spit would fly would indicate the direction in which the lost article could be found. But the modern boy who loses an article goes to a newspaper office and puts in a Lost Ad.

When Father happens to remember to wind the alarm clock before he goes to bed he knows that the family would be in an Awful Fix if it wasn't for his Thoughtfulness.

Woman is a strange creature. She would rather have a 15-cent husband than remain single and have \$15,000,000 worth of freedom.

A good hustler will make a better husband than a good dancer, but you couldn't get a Princess to believe it.

Some husbands are such mean ones that they refuse to quarrel with their wives because it costs them too much to make up.

It isn't "rocks" that cause most of the shipwrecks on the Sea of Matrimony. It is usually a lack of "rocks."

We saw a girl the other day who had side pockets in her skirt just like a man has in his trousers. But there isn't much danger of the dear things wearing pistol pockets.

When a man starts to go to the devil he nearly always takes a woman with him.

Twenty-five years ago if a man wore a silk hat in the day time everybody in town knew that he was a "Professor" who demonstrated Electric Salve or Indian Sagwa and formed a parade behind him. But a man can wear one nowadays without starting anything.

It is a wise man who knows that he doesn't know anything about women.

In all the nasty mess of divorce scandals and affinity killings it certainly is a relief to see a husband and wife who are in love with each other. And there are a few of them left in the world.

A man can have a fine time telling what he intends to do. A woman can have a good time telling what she used to do.

That new gown that fastens with only two hooks isn't going to be popular with the married women. What are husbands for, anyway?

Just about the time when we should be using all the cotton we can, some cheerful idiot invented the peplum and gave the girls a chance to quit padding. The peplum is the little cape that hangs around the hips and gives them the Corn-Fed effect.

TAKES OFF DANDRUFF HAIR STOPS FALLING.

Girls! Try This! Makes Your Hair Thick, Glossy, Fluffy, Beautiful.

Within ten minutes after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be fluffy, and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you sure can have beautiful hair and lots of it if you will just try a little Danderine. IT REALLY DOES RELIEVE RHEUMATISM.

Everybody who is afflicted with Rheumatism in any form should by all means keep a bottle of Sloan's Liniment on hand. The minute you feel pain or soreness in a joint or muscle, bathe it with Sloan's Liniment. Do not rub it. Sloan's penetrates almost immediately right to the seat of pain, relieving the hot, tender, swollen feeling and making the part easy and comfortable. Get a bottle of Sloan's Liniment for 25 cents of any druggist and have it in the house—against colds, sore and swollen joints, rheumatism, neuralgia, sciatica and like ailments. Your money back if not satisfied, but it does give almost instant relief. (Nov.) adv.

LAXATIVE FOR OLD PEOPLE—"CASCARETS."

Salts, Calomel, Pills, Act on Bowels Like Pepper Acts in Nostrils

Get a 10-cent box now.

Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles. So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty.

Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a lash can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets, and they cost only 10 cents per box at any drug store. They work while you sleep. (Adv.)

KENTUCKY AT THE PANAMA EXPOSITION.

Six hundred former Kentuckians composing the Kentucky Society of California, are going to help the Panama-Pacific International Exposition Commission of Kentucky build a Kentucky building where Kentucky exhibits may be shown at the Exposition.

Hiram S. Shreve, of San Francisco, secretary of the Kentucky Society, writes Starling L. Marshall of Henderson, secretary of the Kentucky Commission:

"At our last meeting, the secretary was instructed to ask your honorable commission to kindly send us 500 of the Kentucky watch fobs on consignment. We feel safe in assuring you that we will dispose of all. Also send us 200 of the subscription cards as we will be able to use them also."

"At all times will the society through its secretary be at your disposal for anything within our power to do. What we all want is a Kentucky building at the Panama-Pacific International Exposition where we can welcome all our Kentucky friends and all their friends. This we are confident you are going to make possible for us."

The Kentucky Society of California, it is stated by the Commission, holds the honor of having made the largest single contribution to the building cause. But everywhere there is an awakening of interest in Kentucky following the issuance of Gov. J. B. McCreary's proclamation in which he states that "it is of the greatest importance for Kentuckians to give quick and general support to the campaign that the Kentucky Commissioners are waging to raise funds to erect a building and have Kentucky exhibits properly represented."

BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them: Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and it is taken internally, acting directly upon the blood and mucous surfaces of the system. If buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price 75c per bottle.

Take Hall's Family Pills for constipation. (Nov.) adv.

MERCHANTS BEWARE.

Frequently there comes to Paris travelers representing syndicate advertising concerns, and in almost every instance our merchants are picked up by them, and roped into contracts, which cost them a great deal more than the benefits that are to be derived from this class of advertising.

In many cases to secure the merchant with a contract these travelers, without authority make them advertising rates for the local papers, and more or less causes an embarrassment which is difficult to overcome.

Any person should know that it is well nigh impossible for ad writers in the larger cities, many miles away to write an advertisement that will do the merchants business any good. Besides the stock cuts, specially designed for any sort of business, are furnished just the same in other cities.

This class of advertising is practically worthless to the merchant. Who knows what he should say in his newspaper, while there is nothing in the syndicate service that is attractive to the public. The merchant who devotes a little time to his writing is the merchant who gets results quickly, and experience has taught us that no results are obtained from the service which is frequently imposed upon the unsuspecting merchants. They cost double in the long run and are ineffective in the extreme.

We had a caller at this office recently, who representing one of these concerns, sought our co-operation to separate the merchants from their money in this manner but there was nothing doing.

This would be a fine world if you could convert experience into cash as readily as you can convert cash into experience.

The old-fashioned man who used to stay at home at night and play tunes on a Jew's harp never heard of any such animal as the High Cost of Living.

AN ACTIVE LIVER MEANS HEALTH

If you want good health, a clear complexion and freedom from Dizziness, Constipation, Biliousness, Headaches and Indigestion, take Dr. King's New Life Pills. They drive out fermenting and undigested foods, clear the blood and cure Constipation. Only 25c. at your druggist. (Nov.) adv.

And the old-fashioned man who used to get a comb and a piece of tissue paper and play "Old Dog Tray," and "Old Dan Tucker" had just as much fun as the lad who is now paying \$5 per week on a player piano.

There would be a whole lot more applause if people knew that there wouldn't be an encore.

BEST COUGH MEDICINE FOR CHILDREN.

"Three years ago when I was living in Pittsburgh one of my children had a hard cold and coughed dreadfully. Upon the advice of a druggist I purchased a bottle of Chamberlain's Cough Remedy and it benefited him at once. I find it the best cough medicine for children because it is pleasant to take. They do not object to taking it," writes Mrs. Lafayette Tucker, Homer City, Pa. This remedy contains no opium or other narcotic, and may be given to a child as confidently as to an adult. Sold by all dealers. (Nov.) adv.

PRINTED STATIONERY FOR FARMERS.

Every farmer who owns his farm ought to have printed stationery, with his name, the name of his post-office properly given. The printed heading might also give the names of whatever crops he specializes in, or his specialties in stock. Neatly printed stationery gives you a personality and a standing with any person of firm whom you write and insures the proper reading of your name and address.

If you wish to write to your Congressman or member of the legislature, or if you have a request to make of your county superintendent of schools, or if you wish information from any business house, in any case your letter will have increased weight and receive more and quicker attention if you use printed stationery.

Get the habit. Come into the Bourbon News office and have us print you 500 sheets of good paper with envelopes to match. It will be one of the best investments you ever made.

LUKE McLUKE SAYS:

(THE CINCINNATI ENQUIRER.)

A farmer's idea of a dude is a man who needs two forks when he eats a meal.

A boy's dog regards a dog who lets a woman kiss him as a mollycoddle.

A suffragist says that some day woman will fill men's shoes. A lot of them seem to be wearing No. 8's right now, my dear.

There is a use for everything in the world. Lightning struck a man who was practicing on a cornet in California.

ONE DOSE RELIEVES A COLD—NO QUININE.

"Pape's Cold Compound" Ends Bad Colds or Grippe in a Few Hours.

Relief comes instantly.

A dose taken every two hours until three doses are taken will end gripe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and sniffling! Ease your throbbing head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, causes no inconvenience. Be sure you get the genuine. Nov. 13. (Adv.)

When a man is full of his subject it takes him a long time to empty himself.

Do not chuckle when the family next door is having one of the regular semi-occasional battles. You can never tell the moment your own Better Half will hop on you and give the family next door a chance to chuckle.

It isn't always love that makes a man attentive to his wife. Maybe he is afraid of her.

It is mighty hard to tell whether the world is laughing with you or at you. So don't get fat-headed.

QUESTION CLEARED UP.

Paris Readers Can No Longer Doubt the Evidence.

Again and again we have read of strangers in distant towns who have been cured by this or that medicine. Always been cured? "Has anyone here in Paris been cured?" The word of a stranger living a hundred miles away may be true, but it cannot have the same weight with us as the word of our own citizens, whom we know and respect, and whose evidence we can so easily prove.

Mrs. Laura L. Lair, 1022 High Street, Paris, Ky., says: "I had rheumatic pains and my kidneys were irregular in action. I suffered from backaches and headaches and at times was dizzy and nervous. A neighbor advised me to try Doan's Kidney Pills and I did. They made me strong and well. I have had no sign of kidney trouble since and I gladly confirm the statement I gave praising Doan's Kidney Pills at the time the cure was made."

Mr. Lair is only one of many Paris people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mrs. Lair had—the remedy backed by home testimony. 50c at all stores. IMPORTANT TO FARMERS.

The attention of all farmers and stockmen is called to the "Farmers' Week" to be held at the Kentucky Agricultural Experiment Station, January 4th to 9th, 1915.

"Farmers' Week" consists of a series of exercises and exhibits of interest to farmers in the various branches of agriculture and includes the annual conventions of the Kentucky Dairy Cattle Club, Kentucky Beef Cattle Breeders' Association, State Sheep Breeders' Association, Kentucky State Poultry Association, Kentucky State Bee Keepers Association, State Horticultural Society, and Kentucky Corn Growers Association. Each club or association has its own program, participated in by its members and also by the faculty of the agricultural college and by certain men from other states, of national or international reputation in their respective lines.

Competitive exhibits will be held in corn and various other grains, in dairy products, poultry, fruits, tobacco and in woman's work. Very tempting premium lists have been provided and the exhibits compare favorably with the best in the country.

Of all the various agencies at work for the advancement of agriculture in Kentucky, the work of Farmers' Week is one of the most important. After attending one of these meetings, the open minded, progressive farmer returns to his home greatly benefited by what he has seen and heard, he is refreshed and has a new enthusiasm for his work upon the home farm in which before had seemed vague if they

had been thought of at all. At this gathering one comes in friendly contact with the best and most progressive farmers and stockmen of the country.

Reduced rates have been granted by all the principal railroads in Kentucky.

Farmers' Week is the first of the ten weeks winter course in agriculture which course is especially designed to meet the needs of busy farmers who can devote only a limited amount of time to agricultural college work.

Particulars regarding the individual association meetings and the competitive exhibits, premium lists, etc., may be obtained by addressing the Agricultural Experiment Station, Lexington, Kentucky.

GOVERNOR McCREARY ISSUES PROCLAMATION.

Governor McCreary issued his Thanksgiving proclamation Friday, as follows:

"To the People of Kentucky:

"It is proper that we should turn at a stated time in each year in praise and thanksgiving to Almighty God for His many blessings to the people of Kentucky.

"The year now drawing to a close has been conspicuous for manifestations of His kind and beneficent dispensations.

"While war has desolated and devastated many nations, we have enjoyed peace and prosperity, and the divine declaration, 'On earth peace, good will toward men,' has encouraged and made our people happy.

"Our state has had prosperity, abundant harvests, productive industries, law and order, and the glorious heritage of self-government has been maintained and strengthened, and the year has brought a greater desire for achievement and more abundant cause for praise and gratitude to God.

"Wherefore, I, James B. McCreary, Governor of the Commonwealth of Kentucky, designate Thursday, the twenty-sixth day of November, nineteen hundred and fourteen, as a day of thanksgiving and prayer, and invite all the people of Kentucky to cease their accustomed occupations on that day and give thanks and praise to God for the blessings conferred upon us and to humbly beseech a continuance of His mercies."

BOURBON FARMERS WILL BENEFIT BY COLD WEATHER.

The beautiful weather which prevailed throughout last week brought with it "the hunters' moon," which looked smilingly down upon a scene of pastoral beauty peculiar alone to the Bluegrass section. Meadows clothed in rich green verdure, forest trees gorgeous in autumnal tints, great golden pumpkins ripe for the Thanksgiving feasts, and the tender green of the early seeded crops showing through the rich brown soil.

The freeze of about ten days ago, while not heavy, was of much benefit to tobacco, bringing with it conditions for stripping and also tending to deepen the color, which is so greatly desired by growers. No date has been set for opening the local market, though probably the sales will start before Christmas. Last year about \$200,000 was placed in circulation before the Christmas holidays through the tobacco sales, and proved a benefit and a blessing.

OTHER GIFTS FOR THE SUFFERING BELGIANS.

The Woman's Adult Bible Class of the Christian Church will be glad to receive any articles of clothing for men, women or children which they will pack and send to the poverty stricken Belgians. Winter is coming on and the suffering in Belgium is terrific. They are without warm clothing or money to buy, so any donations will be gratefully received at the Christian Church on Thursday, Friday and Saturday of next week, from 9 in the morning until 3 in the afternoon.
